

**RESIDENTIAL APPLICATION FOR PORTABLE NOISE MONITORING
Baltimore/Washington International Thurgood Marshall Airport**

The portable noise monitoring program is conducted by the Office of Real Estate and Noise Abatement of the Maryland Aviation Administration. The report will provide aircraft noise levels for each day, the percentage of east/west operations, and general information about noise measurements and airport operations.

Please print or type the following information:

Name : _____

Daytime Phone Number : _____

Address : _____

Email Address : _____

Please read and initial each statement:

_____ I understand that this sample period of noise monitoring is for informational purposes only. The measured noise levels are not synonymous with or used to establish the contours of the BWI Airport Noise Zone and are not used to establish eligibility for any Homeowner Assistance Programs, including the Residential Soundproofing Program.

_____ I understand that the noise monitoring equipment, especially the microphone cable, is delicate and can be damaged by lawn mowers or other rough use.

_____ I will take reasonable safeguards for protecting this equipment while it is on my property.

_____ I understand that any report prepared based upon my application for a portable noise monitor to be placed at my property will be a public record subject to the Maryland Public Information Act and that the report may be shared with others upon request.
